# Change Log 24 04 2024

- **Change:** Remove 'Reports' tab in left hand menu - only want the dashboard with reports drop down menu.

- **Correction:** Active subscription of subscriber must not contain any inactive subscriptions. See screenshot of report - contains inactive subscription

- **Correction:** Users cannot have the same mobile number or South African ID number. All mobile numbers and South African ID numbers must be unique per user. I have tested this and
- **Change**: Add filter function to dashboard. Make this easier to see with a darker colour font.

- **Change:** Make date selection on reports on the dashboard not required. I want to draw reports without choosing dates on the dashboard.
